

North East River Wednesday Night Summer Races

North East River Yacht Club (NERYC) hosts a “Beer Can Series” every Wednesday night from June through August (jibs and mains only - non spinnakers).

So mark your calendars, procure your crew, and get ready to sail out on the beautiful North East river every Wednesday night.

Virtual skippers meeting via text, email, VHF Radio Channel 71 and race committee.

Races to begin at some time after 6 PM.

All boats will start together, but will be divided into two groups for scoring: PHRF 179 and lower, and PHRF 180 and above. A boat's series score will be the total her five best races. Participants pay \$10 per race. 13 races in all. Sail in all of them or just one but just don't miss the fun!

For race results and pictures see the NERYC website (www.NERYC.com) under Activities - Sail Racing.

And of course beer at the NERYC picnic grounds following every race.

Racers gain the following

- Introduce sailboat racing to those who are new to the sport in a positive, casual atmosphere
- Encourage established and entry-level racing teams to rotate crew positions for skill development
- Build team confidence for more competitive weekend races and regattas
- Create opportunity for sailors from area clubs and marinas to meet and mingle
